DEMOCRATS TO FORCE SPEED ON MEASURE

Hearings to Begin Two Days After Congress Convenes for Short Session

Washington, Nov. 25 (AP)—Speaker Garner today expressed to newspapermen "the hope and belief that the House will pass a beer bill by January 1."

He said before the House ways and means committee begins Dec. 7 and is expected to take five days.

Democratic leaders plan to bring the measure to the floor for immediate action.

being prepared for introduction by Chairman Collier of the ways and means committee this day Congress convenes, Dec. 8.

Sponsors of the measure hope it will be non-partisan and that the Republican beer advocates will support it.

HASTINGS FOR REPEAL

Proponents of a change in the federal liquor laws drew support from Senator Hastings, Delaware Republican and long a supporter of prohibition who announced he not only would vote to submit a repeal amendment but would introduce a bill to withdraw national enforcement from states which do not co-operate in carrying out the prohibition laws.

Hastings said, however, he would not support wine and beer legislation.

The Senator said he would vote "for the necessary resolutions to submit an amendment for repeal of the Eighteenth Amendment to the people of the various states."

"If I cannot get the kind of amendment that I prefer," he said, "I shall vote to submit a resolution that would repeal entirely."

BRITISH DRAFT BEEN KOTE TO U. S. S. S. REBT

Leaders Divided on Reply to Hoover's Demand for Payment Due Next Month

Today's developments in the war debts situation:

London—British cabinet meets in emergency session to draft reply to President Hoover's demand for payment of installment due Dec. 15. Some of the British urge that Hoover be told flatly that the payment cannot be met. Others insist that America be told the payment will be made as demanded on the basis that "An Englishman's word is his bond, whatever the cost."

Washington—British Ambassador Lindsay and French Ambassador Claudet declared to have informed Secretary of State Stimson that Dec. 15 payments will be made on schedule. London dispatch says, however, that nothing is known of the authority of Lindsay's statement.

Paris—French leaders hope that by close cooperation with Britain a postponement of the Dec. 15 payment might be obtained pending reconsideration of the entire debt problem.

Rome—Italian government announces it will pay 12,245,347 due to the United States.

Estonia, Latvia and Poland have been relieved of payments on that date. Athens has notified Washington that Greece must default on that date.

London Paper for Debt Repudiation

London, Nov. 25 (INS)—A flat demand for British repudiation of the war debt was made by the London Evening Standard.

"Default in ordinary times is a disgrace," the newspaper said. "Default in conditions of today may be our duty to the world."

The Evening Standard said it was "unthinkable" that Britain might continue to pay her debt to the United States if France does not pay what she owes to this country, adding that it does not expect France to pay either America or Britain.

Quezon Favors Ex-Governor to Succeed Theodore Roosevelt at Manila

Manila, Nov. 25 (AP)—Manuel Quezon, veteran president of the Philippine Senate, was reported in political circles here today to favor the appointment of Alfred E. Smith, former Governor of New York, as Governor General of the islands if Theodore Roosevelt is not retained.

Quezon, however, kept his own counsel while awaiting developments to determine whether to urge his preference on President-elect Franklin D. Roosevelt, a distant cousin of the Governor General.

The rumor of Quezon's attitude toward Smith, which was unofficially made known to the United States by the Philippine press, was reported to the United States by the Philippine press, which was reported to the United States by the Philippine press.

Piccard Seeks Americans for Stratoplane Hop

Brussels, Belgium, Nov. 25 (AP)—Auguste Piccard, Swiss scientist and noted stratosphere balloonist, today announced he will come to the United States to seek two American pilots to join him in a stratosphere flight from London to New York for the purpose of measuring cosmic rays over the mid-oceanic pole.

Piccard has made two balloon ascensions into the stratosphere and has gained valuable data for science.

He said, "I am going to the United States about January 4 to hunt two colleagues and financiers. I shall not make the ascent over Hudson Bay because I am too frail to face the rigorous climate."

The Answer Is Still "No," Curley Tells Marchers

The third time never fails, and sometimes it never fails—and so today a third visit to Mayor Curley's office by a committee of the Unemployed Councils of Massachusetts resulted only in rejection for the committee.

On the first visit a week ago the party broke up when the mayor offered a job to an unemployed member of the committee, of the Unemployed Councils and the women member stalked indignantly out of the office.

The second visit resulted in the mayor's flat refusal to feed and house at city expense 75 "hunger marchers" who will be in town tomorrow night for a one-night stand on their way to Washington.

REFUSES TO SEE THEM

This same demand to feed and house the hunger marchers tomorrow night was the purpose of today's visit, the committee spokesman, Carl Deane of Harrison Ave., South End, declared, but when Sec. John J. Shanahan carried the word to Mayor Curley in the inside office the mayor shook his head wearily and said he had made his ruling.

He said also that he had submitted to the City Council previous demands of the first committee that the city provide shelter, food and fuel for unemployed with families and provide cash for unemployed single men and women.

When Secretary Shanahan relayed this information to Secretary William L. Anderson, who was "holding the pass" with the committee on the other side of the gate, Revere became incensed and began to berate the mayor verbally.

COMMITTEE SHOOK AWAY

Anderson advised the committee to leave, and when the committee refused, the secretary beckoned to several policemen who were waiting and the policemen shoved the committee out of the office, down stairs and into the fresh air.

The only real excitement came when Anna Block of the West End, one of the two women members of the committee, turned on Patrolman John Manning and shouted:

"Keep your hands off of me."

Patrolman Manning, however, was six feet away from her and the Revere gazed him considerably.

Out in School St., Spokesman Revere said he would tell all about today's City Hall incident tomorrow night in the Municipal Building at Shawmut Ave. and West Brookline St., when the hunger marchers arrive and have a meeting.

LABOR PLANS TO UNIONIZE CHAIN STORE HELP

Action Urged on Grounds That the Big Organizations Do Not Benefit Workers

Cincinnati, Nov. 25 (AP)—The American Federation of Labor convention today instructed its officers to make plans immediately to unionize all employees of chain stores.

The action, the first taken by the convention in shaping the policy for the coming year, followed a report by the committee on organization, headed by Michael Duffy of Indianapolis.

Sponsored by the Amalgamated Meat Cutters and Butcher Workmen of North America, and a delegation from the Hotel Carver and Common Laborers' Union the resolution said the "laboring classes derive no benefit" from what it called "monopoly organization" of chain stores, and asserted belief that the current economic depression was in part the result of growth of such combinations.

The federation also expressed approval of proposals that laundry and hotel workers be drawn into labor unions, and urged all its affiliates to refuse to meet in hotels where employees are not members of a union.

POLICE TO GET NEW UNIFORMS

Boston's trim and athletic law enforcers were in heavy approval today of the new type winter uniforms approved by Police Committee.

Snug and trim the new uniforms will be, with a fitted-back coat nine inches shorter than the old style and reaching only to a point above the knees.

There will be no long flowing tails. The new uniform having distinctive breeches, tight-fitting at the knees. Sam Brown's belt will be worn over the coat, and the military stand-up collar will bear, for the first time, the station number of the officer, with his own number in its usual place on the cap.

Black puttees and black shoes will be worn with the outfit.

Only a few female uniforms have been made up and shown in Boston thus far, but officers at the Mills at Back Bay and Police Coroner's stations have been measured for the new uniforms. Eventually all men in the department will wear them.

The Sam Brown's belts will be manufactured by a Boston concern, but the uniform contract has been given to a Philadelphia concern, with each uniform costing in the vicinity of \$100.

TITLED VISITOR ROBS IDEAL OF ITS GLAMOR

'Sentimental Slush,' She Calls It; Asserts She Isn't Red; Won't Prove or Retract

By RUTH MUGGERIDGE

Lady Astor, used to the rigorous routine of governmental business, hasn't much use for the highly personated romanticism of motherhood.

In the mental recesses of her dynamic mind there is no place for the bromide "my mother right or wrong, my mother idea." And today at the home of the Quincey A. Shaws of Exeter St., where she and her husband, Lord Astor, are home guests, she expressed herself in a few unctuous terms.

"Motherhood—It's all tommyrot." Of all the sentimental slush that is peddled about mothers and motherhood, it is just to sickening," she stated vehemently.

'MERE MENTAL OUTLOOK'

Interviewers gaped. The most sacred of concepts was thrust into the well-known covey but by a mother's hand.

"Motherhood is only a quality of mind, of outlook. Why the best work of the world has been done by maiden ladies. To hear all this tommyrot and sentimentalism that mothers are something different, apart from human beings, unlike saints who could never do wrong. Why it is all ridiculous. We need to get away from such sentimental slush about mothers."

Lady Astor disagreed with her interviewers, changed her statement about maiden ladies and qualified their contribution to the great achievements of the world.

"Well, most of the best work of the world they do," she conceded. "There's Margaret Milner, who started a nursery training school in England, the best of its kind in the world. And countless other women who have never had any children or have never been married."

Lady Astor disagreed with her interviewers, changed her statement about maiden ladies and qualified their contribution to the great achievements of the world.

Looking extremely youthful much more than she did a few years ago when she visited America, Lady Astor was a veritable fountain of human energy as she moved about the decorative reception room of the Shaw home today.

Companion, Mrs. Lady Astor is not a Communist. She would be if she believed in it, but she doesn't.

"Human nature being what it is," she explained, "we are not ready for this idealistic type of government."

IS CAPITALISTIC

If God himself occupied Herbert Hoover's presidential chair at the White House, Lady Astor said, she would not change a thing.

ROCKPORT WILD PIGS SAFE IF NOT TOO LATE

Rockport, Nov. 25 (AP)—Chief of Police John E. Sullivan said he clearly understood he cannot employ the services of any big game hunters; that he is not prepared to sponsor a safari into the fastness of Dogtown Common and that he has no authority for the issuance of licenses for the slaying of wild pigs.

Since word went around recently that Dogtown Common is inhabited by an undetermined, and probably undetermined number of wild pig hunters, Chief Sullivan's telephone has been kept jangling almost continuously, by persons eager to bag chops on the hog.

Dogtown Common is a desolate border-strewn stretch of land by five miles square, partly in the town of Rockport and partly in neighboring Gloucester.

ABANDONED 100 YEARS

My years ago the original settlers of Rockport removed their homes to it to escape the piratical parties who ravaged the coast. Few more habitable pieces of land could be found on the globe, and so the story goes, only dogs could live there.

When or where came the wild pig into Dogtown Common is not known.

"Judging from reports," says Chief Sullivan, "they seem to have become more numerous of late years."

Other Alexander Flagg of the Gloucester police recalls that as a boy, 20 years ago, wild pigs were to be found on the Common.

TREED BY WILD PIG

Reports of ferocity on the part of the pigs resulted a few days ago in a suggestion that Chief Sullivan send an expedition into the Common. A youthful rabbit hunter related that he was forced to take refuge in a shack after two charges of the shot failed to halt a charging pig. A Gloucester resident claimed to have been "treed" under the circumstances.

The suggestion of an organized hunt brought many offers of assistance to Chief Sullivan. One volunteer, who described himself as a big game hunter, wanted to bring the elephant gun and other weapons which he claimed to have used effectively in African jungles.

In the absence of anything in the nature of a statute to aid him, Chief Sullivan takes the liberty that he is entitled to, and that other hunters are entitled to, and that other hunters are entitled to, and that other hunters are entitled to.

NEW TAX BILLS SEEN BY SMOOT

Washington, Nov. 25 (AP)—General revenue-raising legislation at the short session of Congress was declared necessary today by Chairman Smoot of the Senate finance committee.

The veteran Republican leader contended the Democratic program to balance the budget through economies and a host for revenue bill would fail.

"I believe we will have to have new taxes," he said.

"I don't think a hear bill, even if it should be enacted, would provide enough revenue without other taxes."

Smoot said he did not know where to look for new sources of revenue and advanced again the general sales tax as the alternative for getting more funds.

JOBLESS, ASKS ALIMONY HALT

When Mrs. Bertha C. Peavey of Boston was granted \$30 weekly alimony in 1929 by her husband, Everett, he was earning \$50 a week but now he gets only \$12 a week—and that from a trust fund, he testified today.

Peavey was arraigned on a contempt charge before Judge White in Boston court, his wife claiming that he was \$500 in arrears in alimony payments.

He testified he had petitioned for nullification of the decree on the ground he could no longer pay. A former salesman, he told the court he had been unemployed for many months and his only asset is a 12-year-old automobile. The case was taken under advisement.

Sammy and His Debt Dodgers

(Copyright, 1932, by Boston Evening American)

The Repudiation Racketeers are in hopes that Erbie will go easy on the debt payment. They claim they haven't got enough money to buy a light lunch for a hummingbird. They have asked several prominent residents of Mother Goose Town to intercede for them. These Goose Town people are good scouts, but they don't understand international finance. They don't make much impression on Sam and Taxi. The Debt-Dodgers will keep on dodging till the last minute. Will they get away with it? Be sure to get the next installment of this intriguing literary brochure.

'SHOOT TO KILL' ORDER DENIED

Capt. Harry T. Grace of the Charlestown police station today denied his latest move against boy speeders of the district included "shoot to kill" orders.

Instructions read at the rally of wild dashes over the Charles River by youths in stolen cars, and called attention to threats on the lives of officers who attempt to stop the speeders.

"The impression has gained ground," Capt. Grace said, "that no orders were to fire upon youths speeding on the 'loop.' Nothing could be further from the truth."

"I did instruct my officers to protect themselves with their police revolvers if anyone drove toward them with the apparent intention of running them down and maiming or killing them."

"The instructions were read at the same time I mentioned the increasing number of gasoline station hold-ups. I told the officers they might be called upon any time to deal with such a crime and to be ready at all times to shoot if they were menaced with bandit guns."

Capt. Grace called attention to death threats received by three men of his division, but warned his men not to exceed lawful authority. An extra squad car and several additional motorcycles have been assigned in check the new epidemic of "loop" speeding.

Postmaster Ends Life
Swanton, Vt., Nov. 23 (AP)—Dr. Aaron Hahn, 85, one of the founders of the United Jewish movement in this country and an active political figure for more than two decades, died here.

Hoovers Launch Christmas Seals Drive

Washington, Nov. 23 (AP)—On the south lawn of the White House, the President and Mrs. Hoover today released two homing pigeons to mark the opening of the annual Christmas seals campaign of the National Tuberculosis Association.

Two of the army's fastest carriers sped north at the President's signal for home lifts at Fort Monmouth, N. J.

Messages they carried will be taken to the association's headquarters in New York city.

Just before releasing the pigeons, President and Mrs. Hoover received their quota of seals from three child health crusaders, dressed in white capes and helmets decorated with the association's familiar cross.

Anti-Bonus Plan Offered Hoover

Pittsburgh, Nov. 23 (AP)—A constitutional amendment prohibiting payment of bonuses and pensions to soldiers injured in war is proposed by Senator Hiram Bingham, president of Carnegie Institute in the November issue of the Carnegie Magazine. His article is in the form of a letter to President Hoover.

SLAYER ADMITS 'CRUCIFIXION'

Detroit, Nov. 23 (AP)—While more than 200 other members milled about in the court corridors, Robert Harris, Negro member of a cult known as the Order of Islam, was arraigned on a first degree murder charge today and admitted he killed James J. Smith, Negro, because it was "crucifixion time."

A plea of guilty was entered for Harris and he was returned to a cell, pending a possible sanity hearing.

"I killed this man with the crucifixion," he said, "I said 'crucifixion.' And he fell dead."

"Well, I've got to go now," said Harris as he completed his testimony and started toward the door.

Police restrained him, and, protesting that he was "king here and everywhere," he was returned to a cell.

Military Rites for Dedham Veteran

A military funeral for Harry Gordon, 35, of Dedham, World War veteran and holder of five citations for bravery, who died last night, will be held Sunday afternoon in the Brookline Chapel, Dedham.

Among his citations are the Distinguished Service Cross, the Cross de Guerre and the Purple Heart. He served in the field army as a corporal and was wounded. Survivors are his wife, Mrs. Gordon, three children and four brothers. Funeral arrangements are being made by the Jarvis Jones, Post, V. F. W.

HEARST STOCK PAYS REGULAR DIVIDEND

San Francisco, Nov. 23. The fourth quarterly dividend payment for 1932, at the rate of 1 1/2 per cent or totaling \$1.75 per share annually, was voted today by the board of directors of Hearst Consolidated Publications, Inc., on the class "A" 7 per cent cumulative participating preferred shares.

The dividend will be distributed on December 15 to shareholders of record December 1. It will be the tenth consecutive quarterly dividend distribution since the original offering of these shares in the customers and employees of the Hearst organization. More than 25,000 investors are now enrolled upon the books of the corporation.

Dividend checks will be dispatched by Hearst Consolidated Publications, Inc., in every state in the Union and in 21 American possessions and foreign countries throughout the world.

The board of directors also declared the regular quarterly dividend of 1 1/2 per cent per share on the common stock, payable December 15 to stock of record December 1.

The 1932 dividend requirements, both on the preferred and common shares, are being adequately covered out of current earnings.

Hearst Consolidated's 1932 earnings have been highly satisfactory, despite nationwide business conditions.

B. C. ALMOND TO MEET TONIGHT

Alumnus of Boston College will appear at the annual night before Monday at the Boston City Club while evening under the auspices of the senior class.

The headmaster of Holy Cross and Boston College will speak at the affair together with Mayor Curley and Dr. Louis J. Gallagher, president of the college. The Rev. James J. McLaughlin, president of the New England province, is expected to be present.

This affair which has been a custom of over a decade is one of the outstanding events of the November season. William A. Hogan, president of the senior class, will be the presiding officer.

The Fitzgerald brothers of Cambridge will provide the entertainment with dances they made popular all the heights when they were students there several years ago.

President John A. Tobin of the annual association will head the list of speakers which includes Charles Darling, Joseph S. Kelly and Joseph A. Kowalewski, football stars in past years.

'TIGER' MISSING AT UNVEILING

Paris, Nov. 23. (AP)—Members of the family of Georges Clemenceau, including his son and two daughters, steadfastly remained in London from the funeral unveiling of his statue in the Champs-Élysées.

The statue shown Clemenceau just as he used to be in his "tiger" suit, checked in one side, his small and sturdy frame swathed in a thick coat and his heavy cane in hand. Members of the family considered the work inferior to a statue by another sculptor.

There was an abbreviated ceremony of unveiling as spring when France was in national mourning because of the assassination of President Poincaré. Among those who participated yesterday were Premier Laval, Gen. Maxime Weygand, Poincaré's right hand man, and other civil and military dignitaries.

BODY OF WOMAN FOUND IN WELL

Dorchester, O., Nov. 23. (AP)—The body of a woman believed to be that of Mrs. Josie Hays, 40, mother of several small children who has been missing for three months, was found in an abandoned well yesterday near Dublin by two hunters.

The body had a bullet wound in the head. When discovered by Martin Clardy and his son, it was badly decomposed with the exception of the feet and the lower limbs.

Sheriff Harry Cain, Prosecuting Attorney F. S. Young and Counselor M. L. Purdin immediately started an investigation. Purdin said all evidence pointed to murder.

Mrs. Hays wife of Mike Hays, who lives near the scene of the crime, was last seen leaving her home with two strange men. Her disappearance was never reported to the authorities, Sheriff Cain said.

Lambert New Field Marshal in Britain

London, Nov. 23. (AP)—Lambert, first Earl of Cavan, was made a field marshal today, the highest rank in the British army, in succession to the late Lord Milford.

The Earl of Cavan is 82 years old and served throughout the South African and World War. Lord Cavan was aide-camp to the then governor-general, Lord Stanley of Preston, from 1891 to 1893.

POLICE IN MOVE
TO TRAP BANK
DESPERADOFarmington, Conn., Nov. 25 (AP)—
State operatives spread a trap here
for Charles "Pretty Boy" Floyd,
slain Oklahoma desperado, after
receiving information he had vis-
ited the home of his slain lieutenant,
George Birdwell.Recalling that Birdwell defied
the law two years ago to pay his
last respects at the bier of his dead
father, officers looked to sentiment
to bait their trap as reports came
that Floyd intended to view the
body of Birdwell at a funeral
home here today.Birdwell, described by officers as
more dangerous than Floyd, was
slain Wednesday as he robbed the
bank of the tiny Negro village of
Riley. His Negro companion,
Charles "Doc" Rainey, was shot
and slain and his white aide, C. C. Pe-
terson of Kiowa, wanted in several
counties, was gravely wounded.D. J. Turner, white-haired Negro
president of the bank, was shot
and killed by Birdwell after sound-
ing an alarm. Birdwell in turn
was shot down by H. C. McCon-
nery, assistant cashier, and Negro
vigilantes due the next day.Gov. Murray conveyed his con-
gratulations to McConnery, keep-
ing your head in the face of
danger, and his condolences to the
family of Turner.Relief that Birdwell may have
underaken the Riley robbery in
order to divert attention from
Floyd was expressed when it was
learned that Floyd's wife was
moved mysteriously from a Tulsa
hospital last night. Mrs. Floyd,
mother of a six-year-old son, Jackie,
was reported on recently for ap-
pendicitis.Their home is in North Tulsa,
where Floyd some months ago
nearly was trapped, but it was be-
lieved Mrs. Floyd had been taken
to her father's farm home near
Bibb. The reward on Birdwell
head was approximately \$1000,
while about \$500 rests on Floyd's
head on alive.MEDFORD PLANS
TAX CLUB AIDThe City of Medford may be the
first in the Commonwealth to
operate a tax club, according to
present plans to which no legal
obstacles have been raised by state
officials who have been consulted.Under the plan sponsored by Al-
derman Edward Holland, the city
would issue pass books, the same as
those done at banks, and would
receive weekly or monthly deposits,
to the end of the club year re-
quired tax bills would be mailed
to the holders of the pass books
together with a check covering any
amount in addition to that re-
quired. It is planned to have the
deposits sufficiently large to take
care of any increase in the tax
rate.Alderman Holland points out
that the city will have a regular
income from such a tax club in ex-
cess of \$50,000 a month, which will
materially reduce the amounts bor-
rowed by the city in anticipation
of taxes and that the money thus
saved in interest will not only pay
for pass books and other in-
cidental expenses of conducting the
club, but will mean a considerable
saving to the city.City Collector J. Wallace Bur-
banck of Medford further ex-
plains the plan, which also is approved
by City Treasurer John J. Ward. If
the plan receives the approval of
City Solicitor Lorne H. Paine, it
will be put into operation prior to
Jan. 1 next.CULT MEMBERS
RELEASE OF 2Detroit, Nov. 25 (AP)—Five hun-
dred members of the Negro Vun-
don-Moole cult recently released in
Detroit marched in the central
police station yesterday to demand
the release of their leaders, held
for questioning as a result of the
investigation growing out of the
"sacred" slaying of James H.
Smith last Sunday.The Negroes were led by Lillie
Ali, wife of Ugan Ali, secretary of
the cult. The marchers asked the
detectives who have been in-
vestigating the cult, but dispersed
when officers said the detectives
were not there. They planned to
march on the police station
until the prisoners were released.These held are Ali and Wallace
Farad, founder of the cult. Several
other Negroes also are the focus
for questioning about the cult.
Fisher, Harris, who, police say,
admitted beating and stabbing
Smith to death in police station
and had been held here last
Sunday.Jamaica Plain Girl

China Rejects Plan of Parley With Japs

Nanking, China, Nov. 25 (AP)—Proposals by the Lytton Commission and others for direct negotiations with Japan to settle the Manchurian dispute are absolutely unacceptable to China, the government announced today.

The Lytton Commission recommended an advisory conference between China and Japan with the object of negotiating their major differences.

Smoker Blamed for Fire That Routs 6

Flames drove out six persons in a two-family dwelling at 505 Saratoga at East Boston, today, and caused damage estimated at \$10,000, according to fire officials. Harold Levine, his wife and two children were driven from the first floor, and Mr. and Mrs. Anne Swinton, the owners from the second story.

Dublin Man Plunges to Death in Pacific

San Pedro, Cal., Nov. 25 (INS)—John W. Livingston, 67, wealthy retired business man of Dublin, Ireland, leaped from the Matson liner Maibee and was drowned. Capt. C. B. Watt reported on the arrival of the steamer here.

Livingston was returning to Dublin to face a major operation. He had visited his sister, Mrs. Pearl Morris, society matron of Honolulu.

2700 SHOT DOWN BY JAP TROOPS IN MANCHURIA

Shanghai, Nov. 25 (AP)—A Chinese foreign office communiqué published here today charged that 2700 Chinese peacefully were massacred recently in northern Manchuria by Japanese troops.

The mass killing was done by machine guns, the communiqué said.

\$416 Yr. Man Gives \$140 to Relief Fund

Baltimore, Nov. 25 (AP)—Because he wanted to help those less fortunate than he, Edward J. Clark, watchman in a Baltimore "flap-house," gave \$140 from his salary on \$4 per week (14¢ per year) to the Baltimore relief campaign.

The 66-year-old watchman increased his contribution this year 200 because, as he put it: "Times are better and demands are going to be greater this year than in the past."

MOTHERHOOD'S GLORY HIT BY LADY ASTOR

Continued from Page 3

wouldn't have been able to hold it. The first American-born woman member of the British Parliament, must not she doesn't want to "butt in" on American politics but so wide and varied are her interests and so deep is her understanding and intelligence of the American problems and situations, she just can't help but bubble over with expressions about this and that.

"I belong to the capitalist class. And what I want to see here in America as well as throughout the world is an improvement of conditions," she said. "I want to see the capitalists do a better job. In every industry there is depression, there is always this danger—the danger that a few monopolists have will take advantage of the many."

"If this warning was repeatedly sounded and the few held up to public scorn, maybe we would get somewhere."

"America can't recover to herself. She was the only country who prospered for eight years—prospered alone. She can't continue alone. If there is to be more rehabilitation of industrial conditions throughout the world, it can only come through international understanding and cooperation."

DON'T PROVE OR REFRACT

"Man can't live to himself, neither can a nation live to itself. America has one thing to be thankful for, she is not Russia." A telegram awakened Lady Astor from her pleasant dream this morning, a telegram from Donald Appleton asking her to:

"Prove or retract statement covering Lawrence women 54 hours a week for their four dollars as reported."

But Lady Astor showed the wire to her interviewers, smiled and chuckled in one side.

"Are you going to answer it?" she was asked.

"Who is this man Appleton? I'm not beholden to Appleton. Certainly not."

There you have the individualism of Lady Astor.

However, she did say that her point of view is purely a world point of view. She does not consider local situations of industrial depression.

"If we are to come out of this thing together, we must consider that the world needs mutual consideration of problems."

That women will have a definite hand in the rehabilitation of the world is Lady Astor's conviction.

"Women in politics are a vital necessity," she said.

Soviets Wait on France

Paris, Nov. 25 (AP)—The government is studying an invitation from Russia to open negotiations for all going aboard vessels to bid goodbye to friends.

Goodbye Admission Fund Aids Sailors

New York, Nov. 25 (INS)—Needy sailors will benefit, beginning today, by the departure of European-bound ships. To help them, the transatlantic passenger conference decided to charge 10 cents a person for all going aboard vessels to bid goodbye to friends.

Lawrence Refutes Lady Astor's 54-Hour Charge

Lawrence, Nov. 25 (AP)—The Lawrence Chamber of Commerce issued a statement in which it took exception to a published statement attributed to Lady Astor in Boston yesterday in which she was quoted as criticizing labor conditions in Lawrence textile mills.

Lady Astor was quoted as saying she had been informed that in the city of Lawrence there are women who are employed 54 hours a week and receive only three or four dollars a week in wages.

The chamber, in its statement, said that Lady Astor had been misinformed and cited the state law forbidding employment of women more than 48 hours a week in refutation.

Milwaukee Boy Lost Trying to Join Legion

Paris, Nov. 25 (INS)—The disappearance of Henry Wahl, a Milwaukee youth who left home November 12, with the intention of joining the French Foreign Legion, was revealed here today when the United States consulate received a cable from the French consular agent in Milwaukee, requesting that a search be made. Wahlberg's father asked the French authorities to prevent his son from joining the Legion.

De Pauw Publishers Fail to Sell the Dean

Greencastle, Ind., Nov. 25 (AP)—To wipe out at a stroke, a two-year deficit, members of a De Pauw University journalistic fraternity publishing the "Yellow Crab" humor magazine, decided to lease a sensational number and reap profits from increased sales. It didn't work. The dean's disciplinary committee decided the magazine offending good taste. Publication was suspended and 15 students were placed on probation today.

played again by a Brown football club. Why? Well, Gammon's teeth marked arms, and the red marks on the bodies of the players from having their skin twisted is reason enough. Brown men don't want their team to play animals and human sports and dirt players."

[illegible]

"I am astonished at this paragraph," said Cleo O'Donnell, director of the Boston Police Athletic Association, "but I am not surprised. The Brown-Holy Cross game was hard fought but clean, and the referee was very fair. I saw it, the H. C. Brown game."

"Our associations with Brown are most cordial, and our game for next season at Worcester already is arranged. We have invited the Brown squad to be our guests at the game with Boston College here tomorrow."

MC I WIN SOLD
FOR \$6700

A total of 167,000 one-crore-dollar bonds in the form of 100,000 10-year, 8 percent bonds were sold, bringing in \$12,230,000, or only 12.7 percent of the \$96,000,000 target. The average bid was 116 and was down from 125, 77 percent of the target.

The great price Melvin brought for the sale of the 100,000 one-crore-dollar bonds was a direct result of the fact that the bid was 116 and was down from 125, 77 percent of the target.

We did find one of Lewis' two KVs selling for \$1. Million. This KV was owned by a 26-year-old woman and a 4-year-old from W.H. Crane Good Time stable at Cochen N.Y.

Wakefield Star Has Fractured Left Leg

Walter Comes, Wakefield high school football player injured in the game at Wintthrop has had X-rays taken disclosing a compound fracture of the left leg just above the ankle and will be confined in the New England Sanitarium, where he is expected for the next two or three weeks.

Physicians say it will be four months before he is able to walk again. Comes is president of the senior class at Wakefield high.

ARMY DEFENCE *against*
NOTRE DAME

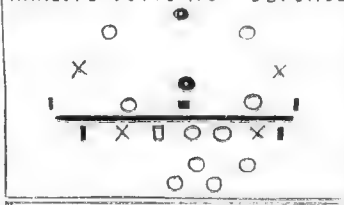

Here is how the Irish of Notre Dame look in action against Army's defense for the power play off tackle. The entire Notre Dame team is sweeping at Army's left with a strong side guard pulling out of his position and sweeping into the play to cut down a defender. It will be seen that the attacking end (No. 1) in the photograph has cut down the defensive tackle (No. 16) as he charged into the play. Four men in the backfield are shielding the runner as he sweeps out ready to cut back through tackle. The Army end (No. 32) has crossed the line to drive the ball carrier in.

side, where Tommy Kilday (No. 2) and Rex Evans (No. 3) are rushing up to support the line. An Army lineman (No. 1) is crossing behind his line to get in on the play. This is unorthodox football, but Notre Dame is already committed to the thrust at Army's left. Arrow indicates the ball carrier. Northwest ern's "butterfly" defense is substantially the same as Army's style of play except that the tackles make the charge from a point two yards behind it as the line as told in the accompanying story on defensive football.

OVER IRISH 6-5

New York, Nov. 25 (AP)—The weather man came up with the gloomiest forecast of rain and cold weather for tomorrow's Army-Navy football game at Yankee Stadium. It will be cloudy and slightly warmer tonight, he said, but it will almost surely rain on the night-tomorrow afternoon.

the best men, Henri DeClane isn't afraid of anybody." A minute later the champion was under a shower. Following a job down he started for his apartment in the Back Bay.

DeGlane was obliged to display his best wrestling ability to win the fight. The crowd was so big that Luitze started wrestling in a terrace pit. He dropped DeGlane to the canvas with punishing arm thrusts. The crowd roared.

DIM STREETS ARE COSTLY,
DETROIT FINDS

By B. C. FORBES

DETROIT, Nov. 24.—A study was conducted an experiment which would interest every citizen in the land.

Need for economy having become acute here, just as it is in most municipalities, it was decided to save money by cutting down street lighting.

But what happened?

Accidents and crime increased shockingly.

During the first 10 months of this year, when street lighting was reduced, there was a 40 per cent increase in fatal accidents as compared with 1931.

But there was a night increase of 21.5 per cent in fatal accidents.

Accidents from the homicidal aspect of these night accidents chargeable against inability to see, there is a traffic economy.

Further, the City of Detroit has not spent part of the economic loss which has resulted from the automatic reduction of street lighting.

It is estimated that the 23.5 increase in night fatalities will raise the total hospital cost this year.

"Now the saving in lighting was an act of economy. Now the saving in lighting was an act of economy. Now the saving in lighting was an act of economy."

STATE ST.
Hears:

That a day of rest, offering a chance for market thought, will probably result in the financial district altering its "no" regarding the war debt conference of the President.

The provision for the deposit of foreign currencies in lieu of dollar payment was spoken of in a favorable way by the President-elect.

It may mean Congress will adopt the proposal as the logical way around the present transfer difficulties.

Any event the market is still stiffened with certain technical limits.

Price Movement

Since the top of the upswing which came in September, the market as measured by the Dow Jones industrial average has been confined to a narrow range.

SPECTATOR
Says:

Wall Street is fishing around for news leading after the market's pre-Thanksgiving day fainting spell.

The fact that stocks acted poorly isn't an unusual thing, but the market is showing a rally worth more than 2 cents.

This suggests lower prices with a test of the double bottom formed in October.

We're afraid, though, it's the kind of buying that welcomes lower prices.
